

# ELISHEVA LEVI

## Software Developer

📞 053-3156394

✉️ elishevamoshe1@gmail.com

### TECHNICAL PROFICIENCIES

- **Languages:** Python, C#, Java, JavaScript, TypeScript
- **Frameworks & Libraries:** .NET, ASP.NET Core (Web API), Entity Framework Core, **Node.js**, **React**, Angular
- **Web Technologies:** **HTML**, **CSS**, RESTful APIs, JSON, HTTP, API Integration
- **Databases:** SQL (SQL Server, MySQL), **MongoDB**
- **Software Design & CS Fundamentals:** Object-Oriented Programming (OOP), Design Patterns, Data Structures
- **Tools & Environments:** Visual Studio, VS Code, PyCharm, NetBeans, **MySQL Workbench**, **Git**
- **Operating Systems & Scripting:** **Windows**, Linux, Bash scripting, Command-line tools
- **Networking:** TCP/IP, UDP, OSI Model, Subnetting, Cisco Packet Tracer

### WORK EXPERIENCE

#### Winner Code | 2024

#### Full Stack Developer

- Developed and maintained a web-based management system, delivering features **end-to-end**.
- Built interactive, **user-facing features** using Angular, focusing on usability and application flow.
- Implemented robust business logic and **server-side** features using **Node.js** and **MongoDB**.
- Collaborated on **full-stack** development tasks, **database integration**, and ongoing maintenance.

### PROJECTS

#### Final Project – Attractions Management Platform

- Developed a **Full-Stack** web app using C#, .NET, Entity Framework, SQL, and **React**.
- Designed database architecture and implemented RESTful Web APIs for **client-server** communication.
- Built **responsive UI** with advanced state management using Redux, Redux Thunk, and Axios.

#### Task Management Website

- Developed an End-to-End task management system using React, Node.js, and MySQL.
- Implemented application logic, database integration, and reusable front-end components.

#### Additional Projects (Online Shop & Trivia Game)

- Built responsive web applications focusing on complex application logic, HTML, CSS, and JavaScript.

### EDUCATION

#### Practical Software Engineer Degree in Software Engineering | 2021 – 2023

#### Mahat (National Technological Authority)

- **GPA: 93** – Graduated with honors
- **Relevant Coursework:** Algorithms, **Web Development**, Communication Networks

### LANGUAGES

English | **Full Professional Proficiency**

Hebrew | **Native**
